TravelClick and First Hotels Scandinavia Announce Exclusive Strategic Customer Relationship

Partnership Spans Across Reservations, Business Intelligence and Guest Management Solutions, Further Strengthening TravelClick's Scandinavian Footprint

OSLO, Norway, November 27, 2017 – [TravelClick](#), a global provider of innovative, cloud-based and data-driven solutions for hotels to maximize revenue, today announced the Company's expanded partnership with [First Hotels](#), a leading collection of 57 unique hotels in Scandinavia and Iceland. Through this engagement, TravelClick will become First Hotel's exclusive partner for Reservations, Business Intelligence and Guest Management Solutions. This follows First Hotels becoming a flagship partner of TravelClick's Demand360 Business Intelligence program in Scandinavia earlier this year, further cementing TravelClick's footprint in the region.

This partnership highlights TravelClick's position as the market's leading provider for independent hotel chains to optimize their distribution strategy and maximize direct bookings. Earlier this year, TravelClick surged investment in their cloud-based iHotelier Central Reservations System (CRS) to develop a myriad of pricing tools, data-driven integrations and heightened chain-level capabilities to help empower directors of revenue and distribution overseeing hotel groups.

As part of this major investment, TravelClick has innovated its total web-based integrated solution, leveraging its Business Intelligence and Guest Management data. As such, First Hotels will host its official brand loyalty program on TravelClick's Guest Management Solutions platform and partner with the Company for fully integrated loyalty points redemption on iHotelier Booking Engine 4.0.

"We are impressed by TravelClick's roadmap, including several recent upgrades, and look forward to the opportunity to shape the products that we will use daily," said Stephen Meinich-Bache, CEO of First Hotels. "The TravelClick team is supporting us locally with representatives in our region and a dedicated account management and service center in nearby Barcelona. We ultimately chose TravelClick, because they offer the advantages of a local provider as well as the security, stability, investment and scalability of an established industry-leader.

Jan Tissera, President, International Sales, TravelClick, added, "Deepening our partnership with First Hotels and expanding our footprint in Scandinavia and Iceland are two important areas of focus for TravelClick. We will be working closely with the team at First Hotels, among others, to provide unparalleled capabilities for hotel chains, like fully integrated, end-to-end loyalty points programs. We look forward to collaborating on these transformative developments together."
